C. Committee Updates:

Board Development/Governance Committee (Everett Ohta) – Focusing on the legislative change; a lot of outreach done by Principal Jeremiah to several key legislators and providing them with background information on ULS enrollment provision as provided under charter school law (which matches COE enrollment requirements). Provision is set to expire in July 2020 and we are seeking to make the provision permanent; reaching out to various members of house/senate education committee during the last several months;
Principal Jeremiah has been having meetings with COE – informing them that we will be support such an effort as well as seeking their support. We are expecting a bill coming from Representative Dale Kobayashi’s office that would repeal the sunset date making the enrollment requirements permanent. Also aware of a bill being introduced by Senator Kidani that provides for an extension of the enrollment provision for two years. Draft testimony was provided via email for review. The draft testimony is generally supportive of such an initiative providing some of the background for why the enrollment provision is important to us and touching on the positive impact on the state system that the partnership and collaboration between ULS and the College of Education has created.

Mislyn Alensonorin moved to have the board approve the support of repeal or extension of the sunset date for the ULS enrollment provision (HRS 302D-3) and authorizing the principal and GB Chairperson to take appropriate actions in furtherance of such support at the 2020 State Legislature. Motion was seconded by Preet Nijjar. Motion carried unanimously.

Academic Excellence Committee (Aaron Levine) – Met on 01142020. Focus of the meeting was to discuss the meaning of academic excellence to ULS; focusing on the value-added portion on contract (research being done at ULS); details will be presented to the full board at the next meeting.

Finance Committee (Preet Nijjar) – Treasurer’s Report. Quarter Update Report will be submitted for the next board meeting.

HR Committee (Mislyn Alensonorin) – Met on 01072020. Waiting to hear back from EEOC. Meeting was held between the HR Committee and the AG regarding the process going forward. AG suggested that GB Board consider changing the title of the “principal” to “director” (HRS 89-6F) and consider developing procedures and guidelines when dealing with situations/complaints if the director/principal is involved. There was discussion about getting more information about the pros/cons of changing the title. GB is in agreement for the HR Committee to explore the procedures and guidelines when dealing with situations/complaints if the director/principal is involved. HR will further conduct research and report to the GB.

No GB members are currently serving on the ULS Foundation and Booster Club; if it does become an issue in the future – will need to seek Ethics Commission Advise or require GB be recused from the decision-making process and voting.

C. School Bus Purchase. ULS is requesting to purchase another school bus (currently have 3 buses); School Bus (15 passenger vehicle similar to two buses); requesting authorization to purchase not to exceed $95,000.00.
