

Aloha ULS Parents and Guardians,

1. We would like to welcome new students and their families to the University Laboratory School! We are so happy that your child will be joining our school in the fall. I hope you and your family are having a wonderful summer thus far and have been able to spend quality time together. While there is still quite a bit of summer left to enjoy, it is time to start to prepare for the 2020-2021 school year.

By now you should have received the mailed hard copies of this letter and a school information packet with important and necessary materials concerning the 2020-2021 school year. These forms may also be viewed and/or downloaded from our website:

www.universitylaboratoryschool.org. See the Resources section for links to the documents. Please complete and mail in all documents to the school postmarked no later than **JULY 14, 2020**.

Due to our limited staffing and shortened summer office hours, we strongly encourage you to mail in all documents and fee payments. If you have any questions regarding the documents in this packet, please email info@universitylaboratoryschool.org or call the school office at 956-7833.

2. This communication is the first of several in regards to our plan for reopening for the 2020-2021 school year. We hope that by sharing these updates and changes with you as they become available, you will have more opportunities to prepare prior to the start of school.

Attached to this letter is the revised 2020-2021 school year calendar dated June 30, 2020. Should there be any future changes made to this current calendar due to the COVID-19 pandemic, parents/guardians will be notified promptly.

The most notable changes are the following:

- First day of school for students is **MONDAY, AUGUST 10, 2020**
 - Week of **August 10-14** will be on a half-day schedule. More information pertaining to individual grade level dismissal time for that week will be forthcoming.
 - Fall school-in-service converted to a regular school day
3. Technology Survey for new families
In order to prepare for different possibilities, we would like to collect information from all of our new ULS families on technology access at home. Please take a moment to fill out this [Google Form](#) and submit by July 10.

We appreciate your continued support and patience as we navigate through this unprecedented time. Please check your email regularly in the coming weeks as we begin to communicate more about the changes for our school's reopening.

Mahalo and stay safe,

A. Keoni Jeremiah
Principal
