

University Laboratory School Booster Club

2019-2020 Recap and 2020-2021 Plans for the School Year

About the Booster Club:

The ULS Booster Club is a parent run organization that brings together our families and friends to raise funds and organize volunteers for some school events.

As a non-profit organization, the funds we raise are used to support and enhance your child's learning experience at the University Laboratory School. All proceeds go to the school.

When parents, students and faculty give their time and donations and participate in our events, they make each event possible. We sincerely appreciate all that you have done! It has made all the difference.

We sincerely hope that we are able to move forward with our plans this year and look forward to working with you as well!

Booster Club Membership:

Please join us in supporting our school by becoming a **member of the ULS Booster Club**. Annual membership dues are \$25.00 per household. Please fill out the membership form (link) and mail it with your payment to the school office. We communicate directly with our members.

Our board members are parent volunteers that are members of the Booster Club. We have truly enjoyed serving on the Booster Club Board and contributing to the school. Our members were helpful and full of ideas and resources that made everything we did possible. I encourage you to consider joining our board as well. Please contact us if you are interested.

Our Board holds two general membership meetings a year (one in the Fall and one in the Spring), as stipulated in our By Laws to keep our general members informed. During our Spring meeting, we hold elections for our board members. However, our March 2020 meeting was canceled this year because of the pandemic. In accordance to our Bylaws, we will hold that meeting online in September. Please join our virtual meeting on 9/16 at 6:00pm.

Your presence and involvement in all of our events contribute to their success!

2019-2020 School Year Activities and Events (Last Year):
