September 30, 2021

Aloha ULS School Community,

This ULS administrative team was made aware of two confirmed COVID-19 cases involving our students. The individuals are in quarantine until medically cleared. Out of respect for their privacy, we will not be sharing additional information. All individuals that have potentially come into contact with this person have already been contacted.

We are following the Response Procedures for Positive Cases and Possible Exposure outlined in our 2021-2022 Student/Parent Handbook to ensure the safety of our staff and community.

The Hawaii State Department of Health is the lead agency in terms of notifying individuals who were possibly exposed. For additional information or guidance, please visit the state's COVID-19 website at [www.hawaiicovid19.com](http://www.hawaiicovid19.com).

We have shared our cares and thoughts of concern with these individuals and hope for a full recovery.

Thank you,

Keoni Jeremiah  
Principal
